Television chef spotted at winter fair

[P1] A well-known television chef was spotted at a winter fair in Midgard at the weekend, apparently enjoying a quiet afternoon with family and friends. Onlookers said the chef queued for a hot drink and bought a small wooden bowl from a craft stall.

[P2] The chef declined to comment when approached, though a stallholder said the visit was friendly and low-key. Staff at the fair said visitor numbers were strong despite the cold weather.

[P3] Rumours that the chef is planning a new restaurant in the city remain unconfirmed. A representative for the chef said there was nothing to announce at this time and asked for the family's privacy to be respected.
